ISU ADVANCE Workshop

with the Cornell Interactive Theatre Ensemble

Diversity and Inclusion

Tuesday, October 24, 2017
South Ballroom, Memorial Union

Cornell Interactive Theatre Ensemble (CITE) programs have the unique ability to take concepts of diversity and inclusion and make them real and personal for participant groups. Interactive theatre and facilitated dialogue from multiple points of view create a climate for participants that builds inclusion, fosters collaboration and gives participants knowledge and tools to bring back to their own work environments. CITE scenarios are multi-dimensional, revealing the dynamics of diversity issues, and also the dynamics of human interaction around those issues. Sessions consist of a scripted scene performance depicting a complex and challenging interaction in a workplace, followed by a Q&A period with actors-in-character, then a facilitated discussion, and the sessions conclude with a presentation of research related to diversity.

This interactive program is especially relevant for all ISU faculty and administrators, and for staff who work with diversity and inclusion.

Participants can select either the morning (9:00 – 11:00) or the afternoon (1:00 – 3:00) session. Arrive early to enjoy pre-workshop refreshments! Pre-registration is required and will be closed when program capacity is reached, so please register soon.
